

A stage with several spotlights illuminating the scene. The spotlights are arranged in a line across the top, casting beams of light downwards. The background is dark, and the overall atmosphere is dramatic and theatrical.

What our clients say about our Children's Entertainment -

"Booked Beckyboo for my daughters 5th birthday yesterday and I have to say she was amazing! She had 40 kids all under control and utterly enthralled from start to finish! All the parents were very impressed! The snow disco was the icing on the cake based on all the excited screaming from the kids...wouldn't hesitate to recommend her." Hassy, Central London

"I just wanted to say a huge thanks to you both for the parties - I have had some really lovely feedback from colleagues, the kids enjoyed it very much. My little one was so excited for ages afterwards. Thanks again so much." Chugai Pharmaceutical Co.

"Elsa surprised our girls & their friends with an appearance on a zoom call & it was a fantastic treat for them and a highlight of our week. The girls all got their special moment to have a chat with Elsa & even had a group sing along. Would definitely recommend as a treat for other children" Rebekah, London

"Becky Boo Parties made my sons 5th Birthday Party absolutely fantastic! They honoured the Star Wars theme with enthusiasm, fun and had so much energy and clearly liked the kids. Both Becky and her colleague Jake were professional and communication was very good from the start. I couldn't recommend them enough. Nicola, Hemel Hempstead

TESTIMONIALS

In a time where stability and normality can sometimes seem a bit lost, Boo Theatre provided our boys with just that. Having worked with Boo Theatre in the past, we had no doubt that the calibre of workshops would be anything less than outstanding. However, with COVID the possibility of enjoying and partaking in a drama workshop seemed almost impossible. Boo Theatre created bespoke online sessions for our school and any doubt was immediately squelched. Ellen was brilliant and even though the circumstances were unusual, the boys had the most amazing experience. Can't wait for the next one!

Tower House School

Becky and Jake ran an incredible zoom party for my partners 30th. They created a buzz and atmosphere I didn't think possible over zoom! From the personalised invites, accessories, DJ jukebox and gameshow segment it was professional and fun for everyone involved. I will be using their services again and recommending them to friends and family!

Eleanor, London

Hello Becky, Ryan loves your work and today as well he enjoyed the storytelling a lot, you could see the smile on his face all the time! Your classes are a treat for him after all homeschooling. He is always asking when is next class!

Justyna, London

TESTIMONIALS

Stella really enjoyed the workshop. I think it was so amazing to have Georgina share her time. Stella keeps talking about it.

Thank you all so much. -Robert, London

All the children really enjoyed the drama classes provided by boo theatre. The children were able to develop their confidence and self-esteem through drama games and role play. The staff were always professional and provided an excellent service.

Torriano Primary School

Hi Guys, I would just like to say a big thank you, the girls both enjoyed yesterday's class, the Grease workshop with Kelly, it was a welcome distraction for them and us. They were Both energised after the class and are both looking forward to the next workshop. Great job guys.

Greg, Essex

“Rebecca Ayres has sung for Lorenti Productions for a number of our events. She is a dream to have on our team. Not only is she an incredible singer but she is very engaging with the audience, & can hold her own on stage. She reads the audience well and comes up with the perfect set list”

Brad Clapson for Lorenti Productions
